## [High Speed Cup Thermoforming Machine](#)

### High Speed Cup Thermoforming Machine

Welcome. The plastic cup making machine we are introducing to you is a full automatic cup thermoforming machine that is developed according to user's requirements. The feeding and drawing of the plastic sheet are both finished through imported servo motors and the cup machine can be used in the molding of PP, HIPS, PVC and PET cups.

#### Features of high speed cup thermoforming machine, HFTF-70T

1. Rapid mould changing device.
2. Buffer design is adopted for the width of chain holder thus eliminating chain binding condition resulting from insufficient heating of sheet.
3. Up and down ceramic heater are adopted for heating, and several sets of SSR and PID temperature controller is available.
4. This plastic cup making machine comes with an automatic cup stacker system
5. PLC and humanized color touch screen control operation interface makes this plastic cup thermoforming machine simple for operation.
6. Mould automatic memory system

#### Parameter of high speed cup thermoforming machine, HFTF-70T

Max. Forming Area	700×300mm
Max. Forming Depth	120mm
Sheet Thickness Range	0.2-2.0mm
Max. Forming Speed	10-30cycles/min
Feeding Servo Motor	5kw
Main Motor	11kw
Plug Servo Motor	11kw
Stacker Servo Motor	3kw

We are a professional plastic cup thermoforming machine manufacturer and supplier. Our products are reliable in quality because of our use of high accuracy production and inspection equipment. They have passed the CE Safety Certification and are widely exported to countries such as Bulgaria, Algeria, Australia, the Philippines, Indonesia, Brazil, Mexico, Pakistan, Bengal, Sri Lanka, Greek, and India. The products are highly appreciated by our international customers.

In addition to plastic thermoforming machinery, we also manufacture plastic extrusion machinery, offset printing machine, and so on. We sincerely hope that you can be one of our customers. We will provide you with the best products as well as the best service. Thank you for your visiting.
